

Yatsushiro City

How to dispose of household garbage

Mix them and you have "garbage"; separate them and you have "resources."

[Inquiries]

Eco-Eight Yatsushiro (Yatsushiro City Environmental Center)

299 Minato-machi, Yatsushiro
☎ 32-4675 or 34-1997

Burnable garbage

Please follow the rules below when disposing **burnable garbage**.

- ① Place your trash in Yatsushiro City-designated garbage bags for disposal.
- ② Please dispose of garbage at your neighborhood's specified collection areas on the designated collection dates and times.
 - Yatsushiro, Sakamoto, Izumi area... 6:30 a.m. to 8:30 a.m.
 - Sencho, Kagami, Toyo area... 6:30 a.m. to 8:00 a.m.
- ③ Cans, bottles, plastic bottles, futons, etc. cannot be disposed as burnable garbage. Separate them and bring them out on the recyclable collection days or bring them to Eco Eight Yatsushiro.

<Examples of things that can be disposed as burnable garbage>

Recycling home appliances

Among home appliances, the following items cannot be disposed at the collection areas. Please consult with a specialty store or the store where you bought the item.

- ◎ When buying anew ... Please ask the store you will be purchasing from to take your old appliance.
- ◎ For disposals ... Pay the appliance recycling fee at the post office, and bring the appliance and the appliance recycling ticket to the designated location.

KURUME-TRANS Co.,Ltd. Yatsushiro branch, 2666-1 Shikigawachi-machi, Yatsushiro City (☎ 33-1361).

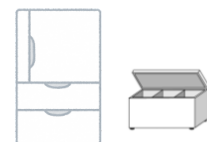

Air conditioners and outdoor units

TV (CRT, LCD, Plasma)

Washing machines and dryers

Refrigerators and freezers

Recycling personal computers

Computers (desktop and laptops) cannot be disposed of at the collection area. Please dispose of them as follows:

- ◎ Use the free courier collection service.
Yatsushiro City collaborates with the company, Renet Japan Inc., to offer free collection service via courier. For more information, please visit Renet Japan Inc.'s website.
- ◎ Use the collection and recycling services of computer manufacturers
Please visit the website of the General Inc. Assoc. - PC3R Promotion Association, and contact the manufacturers of the individual items.
The Association will serve as a reception counter for items that do not have a manufacturer that collects them.

For rules on separating recyclables (Glass bottles, cans, plastic bottles, plastics, paper, clothing, pots and other metallic items, small electrical appliances, medium-sized garbage, hazardous items, and dry cell batteries), see the back side (page 2).

Recyclables

Please follow the rules below and bring your recyclables out on the designated collection days.

① Recyclables will be sorted at the collection area as shown in the following, by the appointed time on collection day. Please properly separate and dispose of recyclables in designated nets or containers.

② Dirt and other contaminants on recyclables should be rinsed off before disposal.
